ABOUT

**TORONTO CHINESE CATHOLIC TASK-FORCE
(TCCT)**

MAJOR SUMMARY- Support (1/4)

- Toronto Chinese Catholic Task-force (TCCT. Founded 2005) is an official lay association of and works under the guidance of the Archdiocese of Toronto and the Chinese Pastoral Council of the Archdiocese.

- TCCT is supported by the Archdioceses of Toronto, Ottawa, Quebec, Edmonton, Calgary and Vancouver.

- It also is given guidance from The Canadian Conference of Catholic Bishops (CCCBC) and

- the Pontificate Council for Culture, Roman Curia, the Holy See, Vatican. TCCT is permitted direct communication. Now receives its guidance.

- TCCCT follows the Archdiocese direction and implements “Outreach in Justice and Acts of Love”.

MAJOR SUMMARY - Justice(2/4)

- TCCT has been striving to defend Faith and the Church on social justice as regards around 20 government bills and laws that are against the Catholic Faith, teachings, pro-life, abortion, euthanasia, common and medical moral issues and religious freedom.

- TCCT also works on acts of love, helping without border, in Catholic events as well as humanitarian and natural disaster relief, and saving brothers and sisters with life threatening and special needs, like national stem cell drive, national caring for students' mental health campaign, helping pregnant mother.

- TCCT works and convenes on social justice and acts of love with multi-faith and multi-cultural, religious and community leaders representing around 300 organizations, also in the hope of evangelization ecumenism and inter-faith dialogue.

- TCCT has held over 30 campaigns and 120 events, with nationwide news coverage and over 700 Google news search links.

MAJOR SUMMARY – Acts of Love(3/4)

- TCCT is conducting a **National Joint Stem Cell Drive Campaign** for the Canadian Blood Services (CBS), helping patients and their families in Canada and abroad.

- The campaign network has extended to **23 cities**: 16 cities in Canada from New Foundland to Vancouver, and 7 cities abroad in the US, Hong Kong, New Zealand, the UK and Australia, saving lives without boundaries.

- TCCT works on saving lives with organisations and hundreds of volunteers of **Catholic, Christian, Buddhist and non-religious communities, patients' families and professional sectors** around the countries.

- Stem Cell matching is extremely difficult. Since 2016, **3 patients we helped promote got, directly or indirectly, the match and transplant; two had hapo-transplant, one could not wait and passed away.** Around 1000 Canadian patients, and other patients in the world are desperately waiting. TCCT and our partners will strive on, and hopefully also fulfill the duty of evangelization and ecumenism for the Church.

WAITING FOR A MATCH:
 Here are a few more individuals awaiting a match:

Jo Mitchell (丁麗娟), a young mother with a newly born (New Zealand), was diagnosed with **blood cancer – acute lymphoblastic leukemia** in 2013. After chemotherapy, she was free of the disease. However, in this August, her leukemia has returned. Jo is of Caucasian and Chinese heritage, a male donor of Caucasian and Chinese origin, hard to find, would be preferred. For more details visit <https://www.facebook.com/TCCT>

Melinda W (Edmonton), a grade 12 student with **Acute Myeloid Leukemia FLT3 (AML)**. Unfortunately, no match for stem cells was found. Melinda is of Chinese descent and her chance of finding a match relies on donors from the Asian population.

Martin "Marty" Lintag, a young Filipino (Vancouver) with **acute leukemia**. Martin's family already lost his only brother Oscar. The best chance of a match comes from people of the same ethnicity, but as of 2015, Southeast Asians, including people of Filipino descent, form less than 2% of Canada's database, and Canada does not access donors registered in the Philippines. #MATCHFORMARTIN

THERE IS HOPE!
 Since our stem cell drive campaign from 2016, three of the patients we helped have found matching stem cells—two have transplant done, and one will have it early next month! So please help give new life!

MATCHED PATIENTS:

Getbbie H., Billie N., Roshlind M.

SAVE LIVES WITHOUT BORDER- RELIGIOUS, CULTURAL NOR GEOLOGICAL. ONE MORE REGISTRATION MAY MEAN ONE NEW LIFE!

MAJOR SUMMARY- In the Future (4/4)

THE FUTURE: TCCT Caring Network

Serving also clients of other sickness like autism, down syndrome, etc.

- TCCT is also organizing a **National Caring Network** (NCN) that would include help patients and families with other needs like autism, etc.

- Mission –

- ✓ To help complete the Pastoral Plan of the Archdiocese as according to His Eminence Thomas Cardinal Collins:

“Our mission is two-fold. Our pastoral (inward) mission is to nurture and strengthen the faith experience of committed Catholics, drawing on the model of St. Peter, to whom Jesus said, “Feed my lambs.” Our apostolic (outward) mission is to announce the Gospel, both to the faithful and to those outside the Church. Our model for this effort is St. Paul, who first encountered Christ through conversion and then proclaimed Him throughout the world” and fulfill the duty as “As steward of God’s many gifts” “in the service of God and neighbour.”

- ✓ To help realize His Holiness Pope Francis’ metaphoric vision; that *every ministry be a ‘field hospital’* to help heal the many-fold woundedness in the world. This is not just about physical wounds but also spiritual, mental, social, cultural, discriminations, hatred, inequity, crime afflicted, limited resources, and government legislations that adversely the affect the weak, the sick and the future generations.

of our children. On the other hand, I fear and I believe with good reason, that the rights and voices of people across Ontario in the education of their children will be overridden by the passing of Bill 13. Therefore, I encourage you to vote yes to Bill 14 and no to Bill 13.

I have a one-page handout. It is a letter that I sent to email to Chen, and I copied all of you as members of the social policy committee. I'm just providing a hard copy for your convenience. Thank you for listening.

The Chair (Mr. Ernie Hardeman): Thank you very much for your presentation. That does conclude the 15 minutes. We thank you for the presentation. The clerk will pass out the letter you have given us, to ensure that committee members have it.

ALLIANCE FOR FAMILY VALUES

The Chair (Mr. Ernie Hardeman): Our next speaker is the Alliance for Family Values: Peter Jenny Kwan and Kenny Tsui.

Mr. Peter Chen: I have some documents.

The Chair (Mr. Ernie Hardeman): Thank you. The clerk will look after that. If you will sit at the front table there, you have 15 minutes to make your presentation. As we're drawing near the end, that means there's one minute left. As I said, you have 15 minutes to make it. If there's sufficient time afterwards, we will allow questions from the members of the committee. If not, we appreciate that, and we will consider everything that's presented as we review the two bills. With that, the floor is yours.

Mr. Peter Chen: Thank you. Good afternoon, Mr. Chair and members of the panel. May we congratulate you for helping Ontarians in public affairs, and also paying so much attention to children's education? With this also in mind, our alliance has actually conducted a general opinion survey which hopefully would help our panels and members of the government to consider when deciding on Bill 13, Bill 14 or any bill which is related to anti-bullying.

multi-gender sex activities to all Ontario students? Please do not try to mislead Ontarians to integrate the anti-bullying acts by means of this kind of Bill 13. Don't be foolish around the public.

The Ontario Minister of Education has proposed Bill 13 by legislation on compliance to Catholic schools. Eventually it will cause arguments and conflicts among the courts. It will also cost extra education funds and will cause legal lawsuits from churches and from individual different families going through legal aid to contest the government in a series of cases up to a federal Supreme Court judgment.

At present, the Ontario government owes a huge deficit of over \$280 billion, and every 1% increase in interest rates will cost the province an additional \$500 million. Such kind of money could have paid for 12,000 first-year elementary teachers and to help a lot of extracurricular activities like music or sports.

The Government of Canada is CONDUCTING A SURVEY asking for public feedback on their plan to 'expand access to medically-assisted suicide (MAID)'. It is planning to **expand** assisted suicide legislation that would include people without life-threatening illness, like mental illness, to those patients who gave advanced directives but have later lost their ability to consent. including

We strongly encourage you to fill in the survey. government would that these expanded MAID. In the survey, the followings are for your reference.

In your opinion, should a physician or nurse practitioner be allowed to provide MAID to a person in this situation once the circumstances in their document have arisen and they otherwise meet the MAID criteria, even if they can no longer consent?

您認為，一旦文件中的情況出現，並且即使他們不再同意，則應允許醫師或護士從業人員向這種情況下的人提供醫療輔助自殺？

Give hope to Gebbie and all patients

Gebbie has stage IV lymphoma cancer, a type of blood and bone marrow disease for which the only realistic, long-term cure is a bone marrow transplant or stem cell transfusion to save her life. But Gebbie hasn't found a donor yet.

Dr. Joseph Wong,

"Because of genetic compatibility, Gebbie's donor is almost certainly Chinese. Chinese donors account for only 6% of all the donors. The chance of finding a compatible donor for a Caucasian recipient is close to 80%, but for a Chinese patient, it is only 20%."

11華裔團體落社區推廣 籲年輕人捐幹細胞救人

團體促血庫修改規則 容許留學生捐幹細胞

或為訓練，卻因醫療保險而面臨重重
項目。服務於門外，又非住家之選，

嘗試與全球相關醫療機構合作，以促
五取有醫療保險的有心人，提供專業
幹細胞採集與資料儲存，此舉不僅有
助加國急病病患，更將成於全球有
需要病歷人士。

本月安省的坎大學、費蘭大學
及多倫多大學、約克大學、分佈於社區
舉行募捐與推廣活動，然而一些美
國留學生之海外留學生，即使他們
年齡合乎17至35歲，卻未能參加活
動，也因為沒有在OHIP保險下，而
無法加籍。

主辦醫生指出，不少留學生在
原居地根本不知道有為幹細胞捐
獻，甚至不知道捐獻此活動。認為
非常有意義而從善，可惜因為其醫
保險不包括此項，而未可參與。他認

合作，將幹細胞捐獻推廣至全球

加國幹細胞捐獻活動於1990

Hi @celliottability, did you know that the pediatric feeding clinic at Southlake Regional Health Centre (the hospital in your riding) is dosing as of today? They say it's because of budget cuts. It was a surprise when my wife brought my 9-month old daughter there today.

Martin's family already lost his only brother, Oscar Lintag. In response, Martin stamped Oscar's memory into Richmond. He organizes yearly sports tournaments with Richmond's bowling community and Richmond Secondary School to commemorate Oscar. Martin himself is encouraging, genuine, and generous, with dominating comebacks and a mischievous streak that leave us breathless laughing.

The Toronto Chinese Catholic Task-force, which the Archdiocese of Vancouver has worked with on past stem cell campaigns, reminds potential donors that there are many patients around the world waiting for matching stem cell donors. So even if you aren't a compatible match for Martin, you may be able to save the life of someone else in need. Here are a few more individuals awaiting a match:

Dear Mr. Chen,

Further to the email message of December 15, 2014, I wish to inform you that the Commission for Doctrine examined the documentation you provided regarding a stem cell drive being organized by the Canadian Blood Services aimed at the Chinese community. I am happy to report that the Commission found nothing contrary to Catholic faith or morals in the stem cell drive and therefore our Executive Committee confirmed it agreed with the consultation already undertaken.

Sincerely yours in Christ Our Lord,

of our children. On the other hand, I feel with good reason, that the rights and values across Ontario in the education of their children are overridden by the passing of Bill 13. I encourage you to vote yes to Bill 14 and no to Bill 13.

I have a one-page handout. It is a letter I copied all of you to the social policy committee. I'm just providing it for your convenience. Thank you for listening to my presentation. That does not mean that the committee members have it.

ALLIANCE FOR FAMILY VALUES

The Chair (Mr. Ernie Hardeman): Our next delegation is the Alliance for Family Values: Peter Chen, Jenny Kwan and Kenny Tsui.

Mr. Peter Chen: I have some documents.

The Chair (Mr. Ernie Hardeman): Thank you. The clerk will look after that. If you will sit at the front table there, you have 15 minutes to make your presentation. As we're drawing near the end, that means there's one minute left. As I said, you have 15 minutes to make it. If there's sufficient time afterwards, we will allow questions from the members of the committee. If not, we appreciate that, and we will consider everything that's presented as we review the two bills. With that, the floor is yours.

Mr. Peter Chen: Thank you. Good afternoon, Mr. Chair and members of the panel. May we congratulate you for helping Ontarians in public affairs and also paying so much attention to children's education? With this also in mind, our alliance has actually conducted a general opinion survey which hopefully would help our panels and members of the government to consider when deciding on Bill 13, Bill 14 or any bill which is related to anti-bullying.

Accepting schools' best, 2012 to all school boards. Based on our recent statistics, survey report and the public's concern, people wonder whether there is an under-the-table agenda or purpose of our Minister of Education, who is so eager to enforce Bill 13 to all school boards. Would it be actually merely to promote homosexual and multi-gender sex activities to all Ontario students? Please do not try to mislead Ontarians to integrate the anti-bullying acts by means of this kind of Bill 13. Don't be foolish around the public.

The Ontario Minister of Education should not impose Bill 13 by legislation on compliance to all public and Catholic schools. Eventually it will cause us unnecessary arguments and conflicts among the community. It will also cost extra education funds to pay a lot of legal lawsuits from churches and other families; going through the court system is a series of cases and a lot of cost. The Ontario government is a series of cases and a lot of cost. The Ontario government is a series of cases and a lot of cost. The Ontario government is a series of cases and a lot of cost.

At present, the Ontario government owes a huge deficit of over \$280 billion, and every 1% increase in interest rates will cost the province an additional \$500 million. Such kind of money could have paid for 12,000 first-year elementary teachers and to help a lot of extracurricular activities like music or sports.

JOINT NATIONAL STEM CELL DRIVE CAMPAIGN MARATHON

SAVING LIFE WITHOUT BOUNDARY

A Joint National Stem Cell Drive Campaign Marathon has started with the cooperation of community and religious organizations in ten cities in Canada.

The Campaign aims to assist the Canadian Blood Services (CBS) in promoting and conducting registration of potential adult stem cell donors to save patients who desperately need stem cell transplant to survive.

Dates and locations:

JANUARY

- 15 Brock University – Market (10am-4pm)
- 17 York University - Central Square (10am-2pm)
- 28 Guelph University – University Centre (10am-4pm)

FEBRUARY

- 2-5 Time Square, Richmond Hill, ON – (12 noon – 6 pm)
- 17 St. Agnes Kouying Tsao Parish, Richmond Hill - (9am – 2pm)
- 24 Chinese Martyrs' Catholic Parish, Markham ON - (9am – 2pm)

MARCH, APRIL (Dates pending)

- * Richmond Hill Christian Community Church
- * Gibson Centre (Toronto Community Church)

MAY (Date pending)

- * Fu Guang Shan Buddhist Temple

There are over a thousand in Canada and many more patients in the world waiting for the appropriate stem cells and transplant to save their lives. The registration sample data will be put into a global register where patients from different countries can compare and hopefully get a match and a chance to survive. One more registration from you may mean a new life for a patient.

Young people from 17 to 35 years old who are Canadian citizens/residents with valid provincial health insurance are encouraged to get registered. Please come. You have the power to give life! Please spread the news too.

WAITING FOR A MATCH:

Even if you aren't a compatible match for one patient, you may be able to save the life of someone else in need. Here are a few more individuals awaiting a match:

Jo Mitchell (丁頌欣), a young mother with a newly born (New Zealand), was diagnosed with **blood cancer – acute lymphoblastic leukemia** in 2013. After chemotherapy, she was free of the disease. However, in this August, her leukemia has returned. Jo is of Caucasian and Chinese heritage, a male donor of Caucasian and Chinese origin, hard to find, would be preferred. For more details visit <https://savejo.co>

Melinda W (Edmonton), a grade 12 student with **Acute Myeloid Leukemia FLT3 (AML)**. Unfortunately, no match for stem cells was found. Melinda is of Chinese descent and her chance of finding a match relies on donors from the Asian population.

Martin "Marty" Lintag, a young Filipino (Vancouver) with **acute leukemia**. Martin's family already lost his only brother Oscar. The best chance of a match comes from people of the same ethnicity, but as of 2015, Southeast Asians, including people of Filipino descent, form less than 2% of Canada's database, and Canada does not access donors registered in the Philippines. #MATCHFORMARTIN

THERE IS HOPE!

Since our stem cell drive campaign from 2016, three of the patients we helped have found matching stem cells- two have transplant done, and one will have it early next month! *So please help give new life!*

MATCHED PATIENTS:

Gebbie H.

Bille N.

自1990年加國

募捐幹細胞行動，估計數百名有關業
患者因配對到合適幹細胞而獲得重

社區發起多場募捐幹細胞活動，盼
17至35歲青年積極參與登記，提供
幹細胞樣本，尤其鼓勵以往沒考慮捐
贈與剛步入社會青年註冊，本善舉人
之心願度參與。

然希望鼓勵他們參與，但55歲或以上，現時才知
道有此善舉行動之青年，亦是他們募捐的目標。
他鼓勵不少華裔人士，協助募捐有關活動，
以為捐幹細胞或會對自身健康有益。其實醫學
證明，捐幹細胞與捐血沒有太大分別。

參與「聯合全加籍華裔捐骨髓活動」的另
一華人團體「維多利亞」的劉樹強表示，令到今
日有不少華人誤以為，捐骨髓與捐血是兩回事，
責任對等教育活動，從事實是鼓勵，在規下和
下，則難有誤解與捐血之過程並非不一，捐
骨髓在捐血前經過，且相對簡單且可以再生，捐
骨髓或可改變部分病人生命，對捐骨髓與捐血之
誤解。

統籌該項活動的楊嘉年表示，該本仍有4
萬名華裔捐骨髓給白血病患者，希望華裔
捐骨髓活動再興，讓更多華裔捐骨髓資料
到合適配對，然後由血液科醫生與學生
Melinda W. 說及知會她，當不其時供其
骨髓，為該地有協會主任，且有合行醫士
Melinda，還有接受捐骨髓的經驗，此可為
本加其說如何。

現時在本
國骨髓捐資料
中，只有少於2%的
捐者是來自海外，
此希望本國多
些華裔青年，能
參加加籍華裔
捐骨髓活動。

王麗佳醫生
為該項活動中，令
人感佩的是她於
加國骨髓捐活動
中，尋找可以
配對的骨髓，為
他們並捐骨髓，
過去十年來，該
地已捐有20多
名患者到合適
幹細胞，包括去年
本國華裔捐骨髓
的專為女子捐
髓(Godwin Hsu)。王醫生與他過去多年以來，
全職從事于改善捐骨髓樣本，配對合適
幹細胞，令他們得以重生。

她對不少捐髓者對其自己健康感到有疑慮
者，感到非常欣慰，正如多項活動的籌備宗
團體，每個人主觀，基於對華裔團體代為
說，「病人為快樂之本」及「為死者著者」。因為
自己捐骨髓之新活動，能幫助到病患，並能
產生其家人之幸福，當中的滿足與後快更難
以言喻。

楊嘉年除了呼籲市民積極參與活動外，
也鼓勵華裔青年人士

本月安省的克大學、費爾大學
及多倫多大學(Trinity)大學，分別於校園
舉行募捐骨髓活動，為到一些美
國留學生之海外留學生，即後他們
年齡介乎17至35歲，即希望參加捐
髓，也因為沒有在OHP保險下，則
無法加捐。

王麗佳醫生指出，不少留學生在
原居地根本不知道有捐骨髓活動，
直至在校園認識此活動，認為非
常有有意義而參與，可謂因為其醫
保險不包括此項，而不可參與，她認
為加拿大血庫作為全國組織，應改
變一些困難想法，他舉例說可考慮與
世界各地的關注捐骨髓醫療機構
合作，將新設的捐髓行動推廣至全球
各地行動。

小麗莎母親驗公積橫發登記

他指此現今時代，即使有留學生
亦不願提供骨髓樣本送回，若
其國提供骨髓患者成功配對，醫
療費也可透過其文匯或從其親屬
捐贈者，其樣本甚至可以配對其他
國家的有需要患者，此舉大加與
者找到合適骨髓之機會。

加國骨髓捐活動始於1990
年「救小麗莎」行動，雖然當時未
能拯救小麗莎，但小麗莎母親Philippa
Lu昨天呼籲已捐骨髓的華裔捐髓
者，她完全感受到那些在等待骨髓
的患病者家屬，他們心裏有多麼
與盼望，她期望當時只有救活小麗
莎，最終以為她感到感動，之後被
認為白血術，雖然小麗莎最終不能

- **As the need for adult stem cell matches is urgent, it is critical to have more donors and volunteers participate in stem cell drives for more chances to save lives. Your Excellency is a strong pro-life leader in the Church, and in your letter to the PM, “Our hope is to promote a society in which human life will be received and treated as a gift, and supported in the face of physical, emotional and spiritual vulnerability and suffering... All of these people need our steadfast support, our advocacy, and indeed the protection afforded by the very safeguards the government is trying to overturn.” (Pathos + Ethos)**
-
- **The CCCB has always encouraged Canadian Catholics to pursue acts of tenderness and compassion, giving hope to many. We therefore, in this hour of urgency, humbly request and would be most grateful if Your Excellency and the CCCB could notify dioceses nationwide of this clarification that the Church approves and encourage research and donation of adult stem cells and cord blood cells for desperate patients, and provide TCCT with a note of support that could be shown to clergy and parishioners during our promotions and drives with the Canadian Blood Services (CBS). (Pathos)**
